TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions

"Contribution" means any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works, that is intentionally submitted to the Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorised to submit it on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution";

"Contributor" means the Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by the Licensor and subsequently incorporated within the Work;

"Derivative Works" means any work, whether in Source Form or Object Form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this Licence, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works;

"Legal Entity" means the acting entity and all other entities that control, are controlled by or are under common control with that entity. For the purposes of this definition, "control" means that a person possesses, directly or indirectly, the power to direct or cause the direction of the management and policies of the other person (whether through the ownership of voting shares, by contract or otherwise) and "Controls" and "Controlled" and other similar terms shall be interpreted accordingly;

"Licence" means the terms and conditions for use, reproduction, and distribution of the Work and any Derivative Works, as further described by the Clauses of this document;

"Licensor" means the copyright owner or entity authorised by the copyright owner that is granting the Licence;
“Object Form” means any form resulting from mechanical transformation or translation of a Source Form, including but not limited to compiled object code, generated documentation, and conversions to other media types;

“Source Form” means the preferred form for making modifications, including but not limited to software source code, documentation source and configuration files;

“Work” means the work of authorship, whether in Source Form or Object Form, made available under the Licence, as indicated by a copyright notice that is included in or attached to the work, as set out in the Appendix to this Licence; and

“You” (or “Your”) means an individual or Legal Entity exercising permissions granted by this Licence.

2. Grant of Licence

Subject to the terms and conditions of this Licence, each Contributor grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright Licence to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense and distribute the Work and Derivative Works in Source Form or Object Form.

3. Redistribution

You may reproduce and distribute copies of the Work or Derivative Works in any medium, with or without modifications, and in Source Form or Object Form, provided always that You comply with the following conditions:

(A) You must give any other recipients of the Work or Derivative Works a copy of this Licence;
(B) You must cause any modified files to carry prominent notices stating that You changed the files;
(C) You must retain, in the Source Form of any Derivative Works that You distribute, all copyright, trademark and attribution notices from the Source Form of the Work, excluding those notices that do not pertain to any part of the Derivative Works;
(D) You may add Your own copyright statement to any Derivative Works (in whole or in part) and may provide additional or different licence terms and conditions for use, reproduction, or distribution of the same, provided Your use, reproduction, and distribution of the Work and Derivative Works otherwise complies with the conditions stated in this Licence; and
(E) You may add Your own attribution notice(s) within Derivative Works that You distribute, provided that any such attribution notice(s) cannot be construed as modifying the Licence in any way whatsoever.

4. Submission of Contributions

Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this Licence, without any additional terms or conditions. Notwithstanding the above, nothing in this Licence shall supersede or modify the terms of any separate licence agreement you may have executed with the Licensor regarding such Contributions.
5. Trademarks

This Licence does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the notice described in the Appendix to this Licence.

6. Disclaimer

Unless required by applicable law or agreed to in writing, the Licensor provides the Work (and each Contributor provides its Contributions) on an "as is" basis, without warranties or conditions of any kind, either express or implied, including without limitation, any warranties or conditions of title, non-infringement, merchantability or fitness for a particular purpose. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this Licence.

7. Limitation of Liability

Subject to the remainder of this Clause, unless otherwise agreed to in writing by a Contributor, no Contributor shall be liable to You, whether in contract, misrepresentation (whether innocent or negligent), tort (including negligence) or otherwise for any damages (including any direct, indirect, special, incidental or consequential damages) of any character arising as a result of this Licence or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, loss of data or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

Nothing in this Licence excludes or limits any Contributor's liability for:

(a) death or personal injury caused by its negligence;
(b) fraud or fraudulent misrepresentation; or
(c) any other liability which cannot be limited or excluded under applicable law.

8. Accepting Additional Liability

While redistributing the Work or Derivative Works, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity or other liability obligations and/or rights consistent with this Licence. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor (without their prior written consent) and only if You agree to indemnify, defend, and hold each Contributor harmless from and against any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

9. Governing Law and Jurisdiction

This Licence and any dispute about it or its subject matter shall be governed by and construed in accordance with English law.
