Lorraine Charity single 'Golden' Change + Check

Joss Stone and *Lorraine's* Change + Check choir receive incredible support for charity single 'Golden' - in a bid to get it to number one this Christmas.

With messages from the likes of Boy George, The Duchess of York, Amy Dowden, Christine Lampard, Judi Love and Shirley Ballis - to name a few - everyone is shaking their golden Christmas baubles in the hope to get the song to the number one spot.

The single is also dedicated to Hannah Hawkins, 33, a producer for *Lorraine* who recently passed away from secondary breast cancer.

Lorraine Kelly said; "I'm so proud of my amazing team and wonderful choir who have made this possible and of course huge thanks to Joss Stone and our brilliant songwriters.

Most of all my thanks to Hannah our fantastic producer who was taken from us with secondary breast cancer far too soon. This is Hannah's song and dedicated to her and her fantastic husband Tom and their baby Rory.

I am so very grateful to everyone who has downloaded the song."
